Farm Sanctuary: Changing Hearts and Minds About Animals and Food

(Touchstone/Simon & Schuster, March 4, 2008, \$25.00/hardcover, 0-7432-9158-1) by Gene Baur is a thought provoking investigation of the ethical questions involved in the production of beef, poultry, pork, milk, and eggs—and what each of us can do to stop the mistreatment of farm animals and promote compassion. Farm Sanctuary shows how all of us have an opportunity and a responsibility to consume a kinder plate, making a better life for ourselves and animals as well.

"Some of the stories Gene Baur tells will break your heart, and other stories will speak to your deepest convictions. It's a book about appalling cruelty and heroic kindness, and it points the way to a better world."

—Alicia Silverstone

"Filled with hope, this book is written for all who strive for a more compassionate world. I highly recommend it."

—Dr. Jane Goodall
