

# GENE BAUR

## President, Farm Sanctuary Book tour stop in Princeton

"Gene Baur and Farm Sanctuary have helped to bring the U.S. animal welfare movement into the twenty-first century, winning victories for farm animals that have the support of most Americans—once they learn the truth about industrial animal farming today."

~Peter Singer

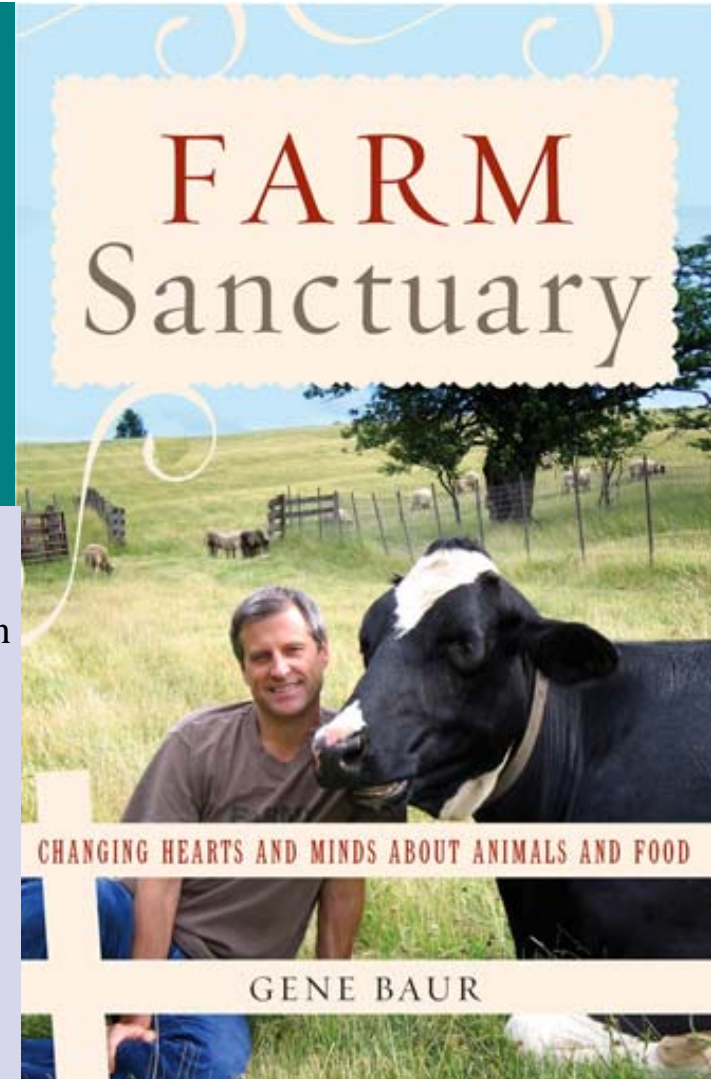

"Factory farms subvert democracy and are some of the nation's worst polluters. This book shows how they also treat animals with unspeakable cruelty. *Farm Sanctuary* is a compelling testament to the need to civilize this industry and end its radical practices for producing meat, dairy and eggs."

~Robert F. Kennedy, Jr.

Saturday, March 8

4—5:30 pm

Labyrinth Books on Nassau Street

Sponsored by Labyrinth Books,  
Princeton Animal Welfare Society,  
Projects Board, and ODUS
